

## MANAGING GROWTH® PROGRAM – Fall 2018

# CONSTRUCTION COST ESTIMATING

### COURSE DESCRIPTION

This intensive workshop will expose participants to the resources necessary to learn how to estimate the construction costs of building projects, making use of modern technology and following the methods employed by successful general contractors. The workshop is intended for the person who is beginning to learn the process of cost estimating in a construction organization. The workshop will also be of interest to construction managers, supervisors, and practicing estimators who, from time to time, may wish to refer to a source of estimating data.
